ABOUT US

Spiral World is not the newborn in the Tech Industry. Like many other tech brands, we have transformed our business focus and are growing with the latest trends to fulfill the demands of Businesses and Institutions in the next normal. In the past few years what we have seen in movies has become the reality today. In this new world, visiting any event, shopping, or attending class would not be typical as we did before; instead, in the new normal, we all remain in our place and do everything virtually without leaving our homes. In such a situation, if you ignore transforming your Business or service standard, it will be tough to survive. So, how do you do it? Think about the Spiral World!

Spiral World introduces VirtualGate which indeed brought systems and solutions focusing on the following normal situation so that businesses and institutions can keep their effort and movement virtually alive and uninterrupted and transform their operation as per time demand.

The Best Services

We ensure to provide the best services with our best efforts

Expert Designers

We have expert Developers who have depth knowledge

-  The first-ever 3D virtual events platform in Bangladesh.
-  Spiral World brings any and every on-ground event, exhibition, trade show, or conference imaginable into the virtual event world
-  Giving attendees and event organizers alike all the excitement and interaction of a physical event unlike ever before.

VIRTUAL EVENT SOLUTION (B2B,B2C)

The Spiral World is the first-ever Physical, Hybrid, and 3D Virtual Event Platform in Bangladesh named "VirtualGate". Spiral World makes any kind of on-ground event, exhibition, trade show & conference imaginable into a 3D Virtual Event Platform through "VirtualGate". VirtualGate has several platforms which are providing so many solutions with B2B and B2C platforms.

We deliver your expected experience, Nationally, and Globally, without any interruption. Whether you are an event organizer, a meeting planner, an event or concert producer, or a company looking for a supplier for your corporate event, the global network of AI and Cloud-based solutions have this technology that is providing the best experience for you.

➔ OBJECTIVES

01

Boost up the business of the organization

02

Grow the organization in the Industrial Revolution 4

03

Reach the target audience even during the pandemic time

04

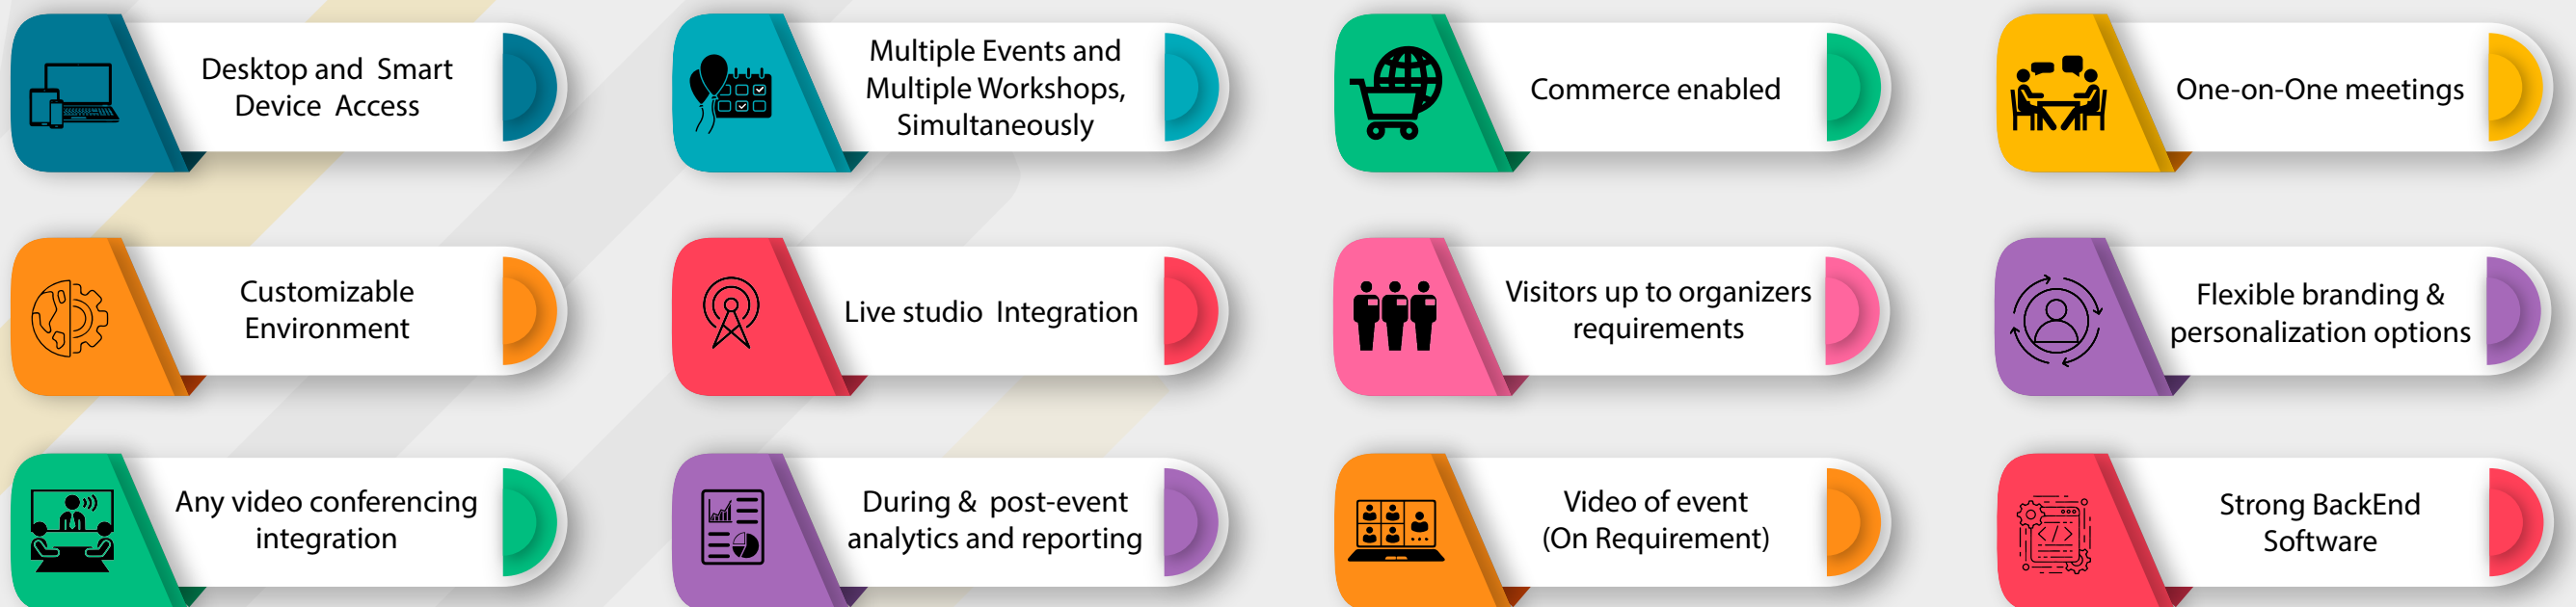

Keep rolling the business process

05

Branding and Marketing in Virtual Platform

→ FEATURES OF VIRTUAL EVENT

THE SOLUTION OF VIRTUAL EVENTS

→ OFFERING PLATFORMS:

01 Web Based 2D & 3D Platform

02 B2B & B2C Platform

➔ WHAT DIFFERENCES BETWEEN OTHERS:

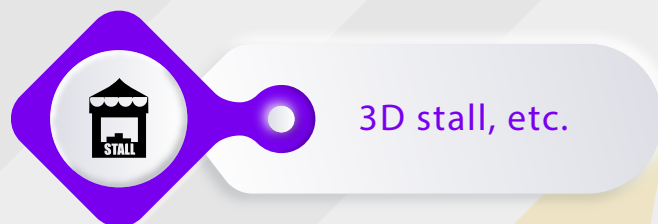

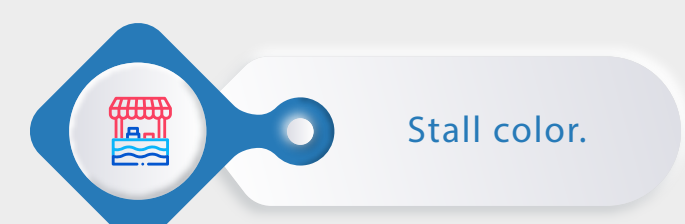

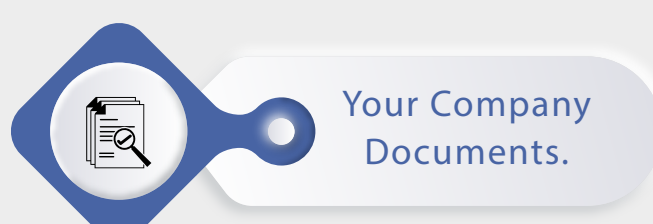

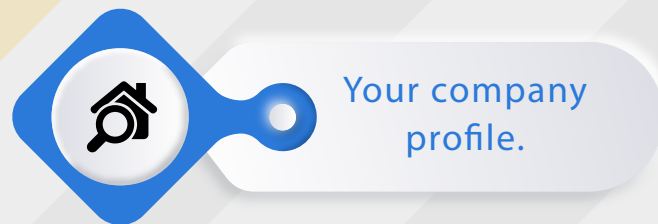

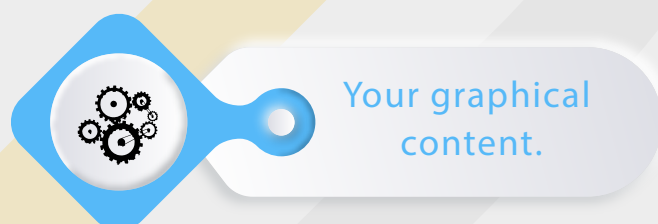

3D Environment

We create a 3D environment for you. This is exactly what happens in a real-life event that we present to you on a virtual 3D platform

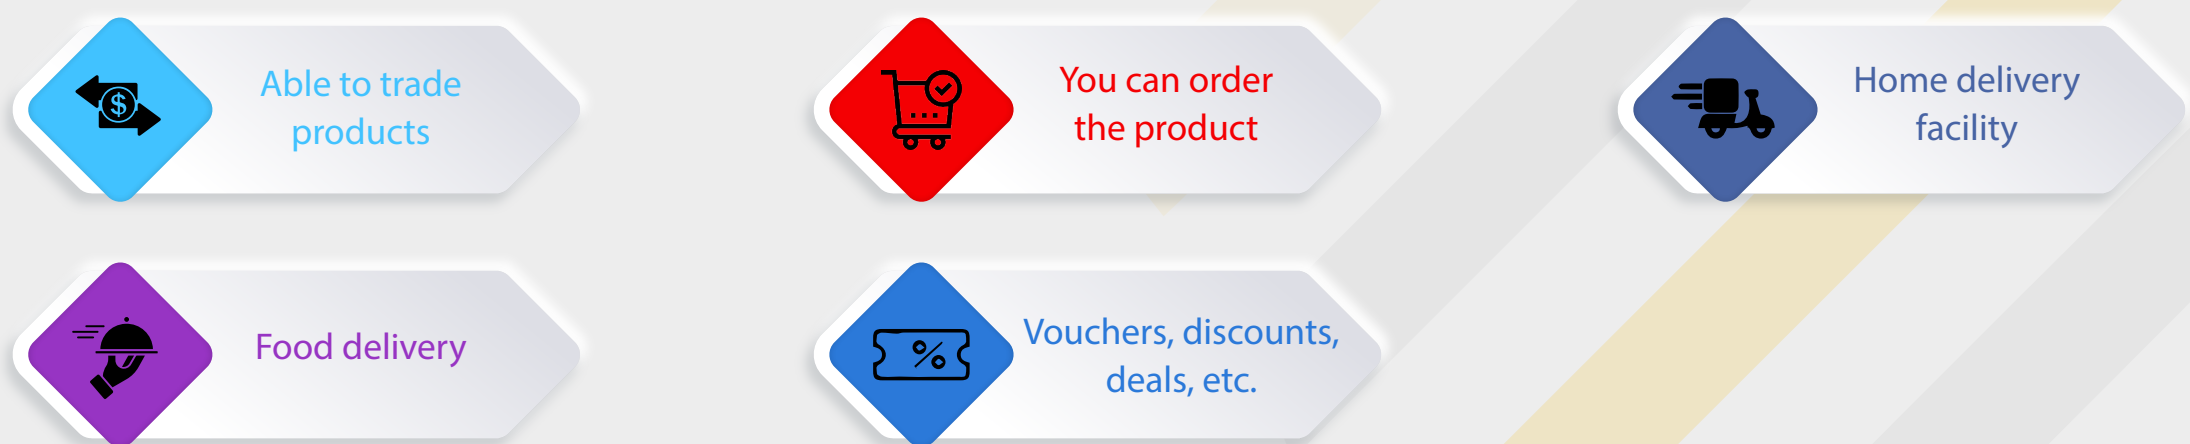

Customizable

You can customize your stall, meeting room, and other objects to your liking, such as

Many integrations like e-commerce, voucher, and food delivery

You will find each of the features available on an e-commerce platform at an event called Multi-vendor e-commerce, such as

Avatar build-up

You can build your customized 3D characters (e.g., boy, girl, corporate or casual) to your liking and navigate the entire virtual area.

High-quality streaming

We provide the highest quality stream support when you host a live event or live webinar.

Media server Integration

We store your media content as such

Audio

Video

Various documents etc

And our media server can be any device with network access with enough bandwidth for sharing and storing media.

Live studio setup

We have a live studio setup for live video hosting where we can shoot live on the green screen, add motion graphical content, and broadcast live.

Multi workshops

We Provide Various types of Multi Workshops like

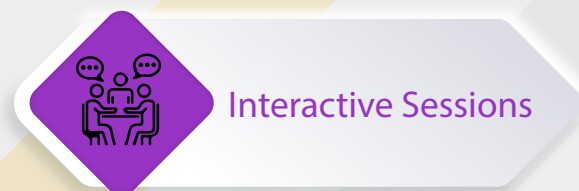

Live Webinars

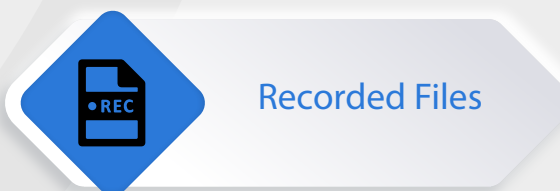

File Sharing

Chatting

Interactive Sessions

Recorded Files

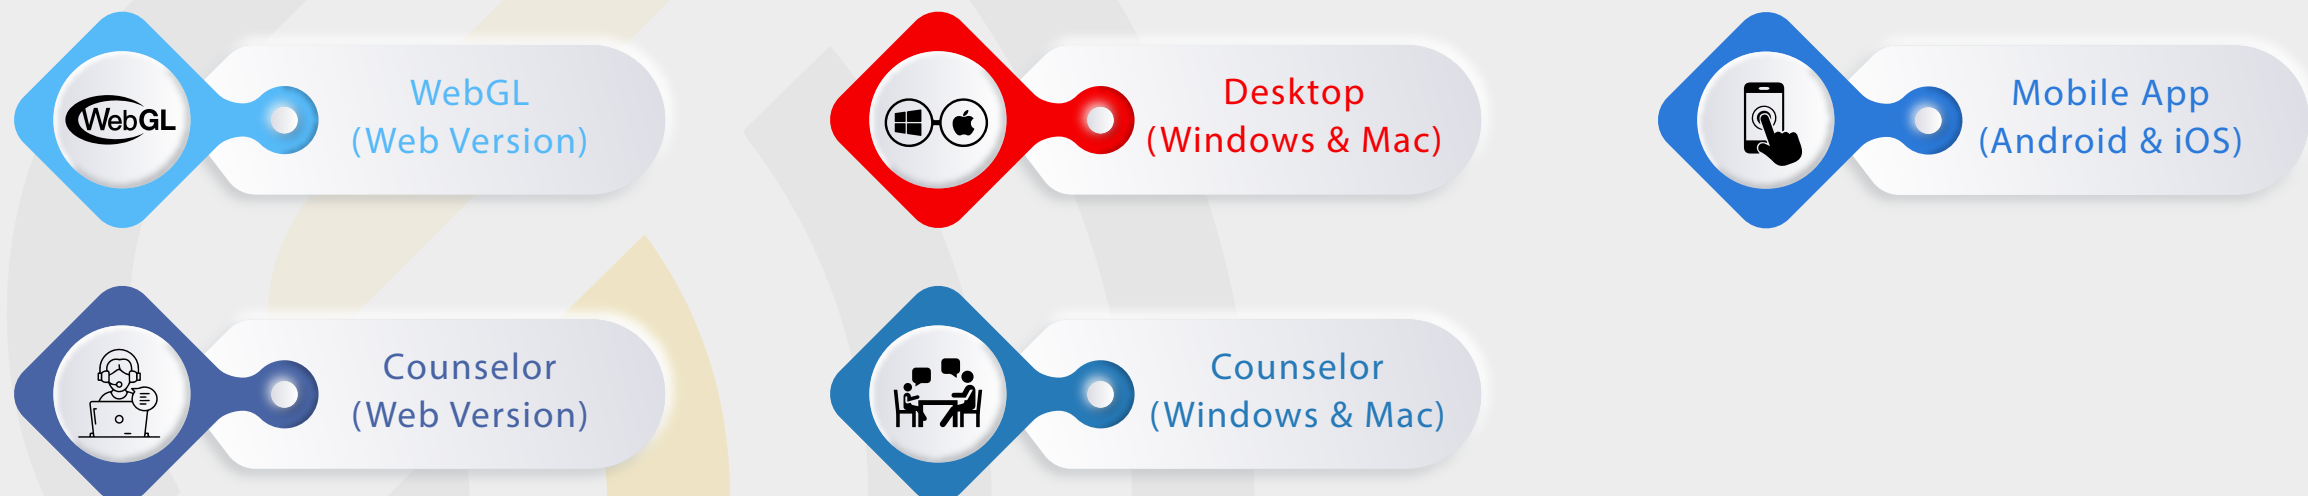

🔗 Detailed customer journey reporting System

We keep track of

- 🏷️ how many visitors came to an event
- 🏷️ how many stall visits
- 🏷️ how many exhibitors there were and many more.

🔗 Mobile APP & WEB platform

We release virtual events on these platforms

🔗 Chatting and video streaming services

At an event, visitors can visit any stall and chat live with the company or have a live video conference.

High-quality video conferencing tool

We have a variety of video conferencing tools to broadcast a webinar or event like,

Zoom Meeting

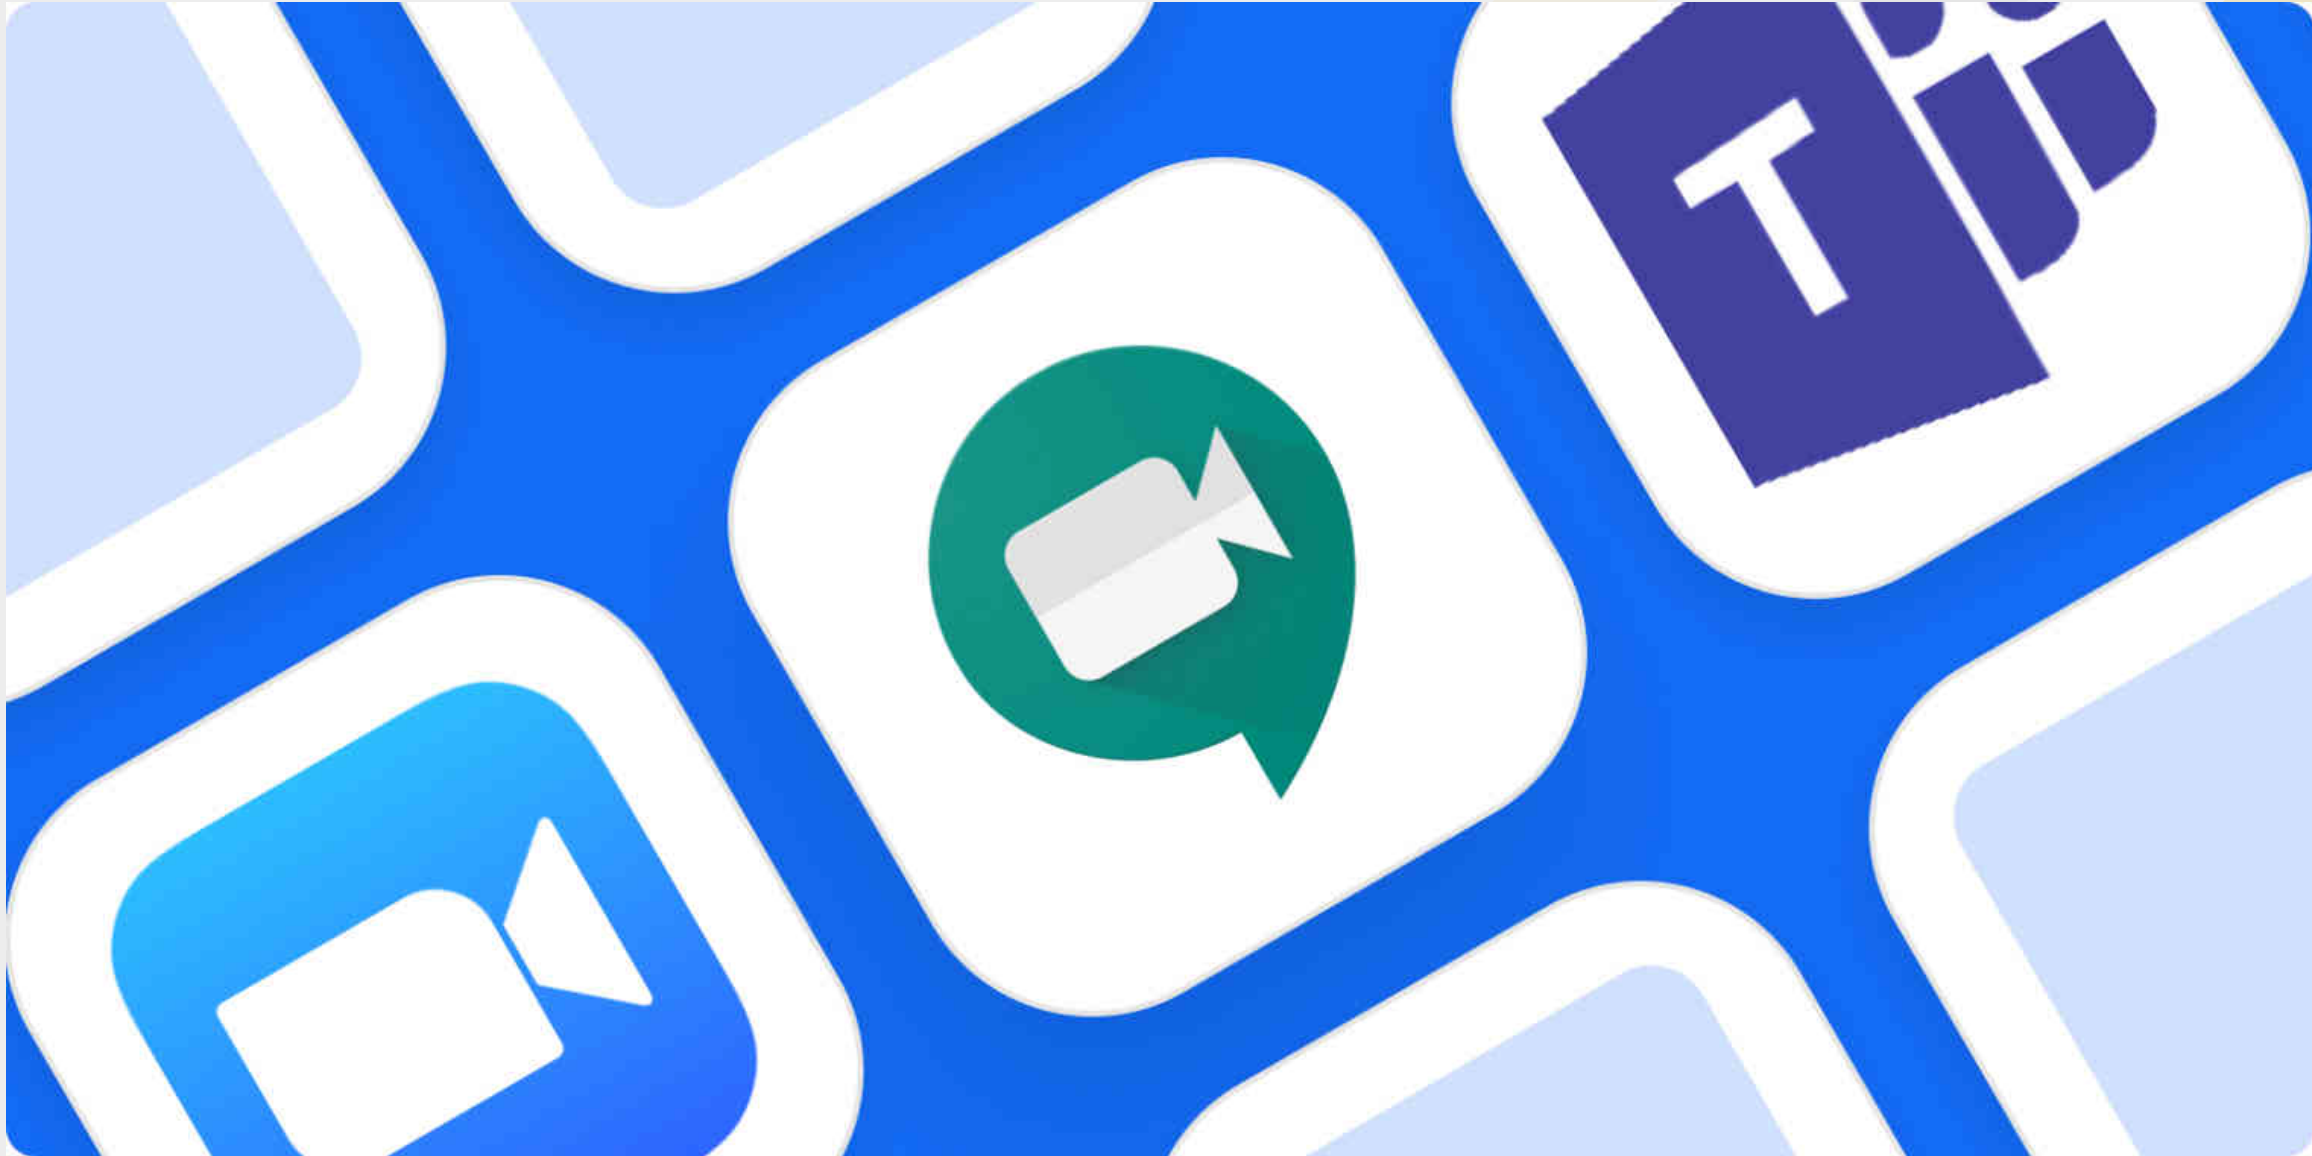

Skype Video Conferencing

Google Hangouts.

Facebook Live

Chatting and video streaming services

At an event, visitors can visit any stall and chat live with the company or have a live video conference.

- 1 People from all over the world are invited.
- 2 Organize celebrations without any exhaustion
- 3 Calculate the benefit you provided
- 4 No boundaries of The experiment
- 5 Protect the world when using the network responsibly.

B2C VIRTUAL EVENT FEATURES

B2B VIRTUAL EVENT FEATURES

- Exhibitor access (stall features customization, product showcase, multiple booth representative access, etc.)
- Exhibitor Dashboard for uploads (offers, announcements, demonstration) & real-time analytics (event reports on data downloads, visitor activity, contacts, etc.)

- Access to Virtual Best Practices
- Smooth Support

VIRTUAL AGM SOLUTION

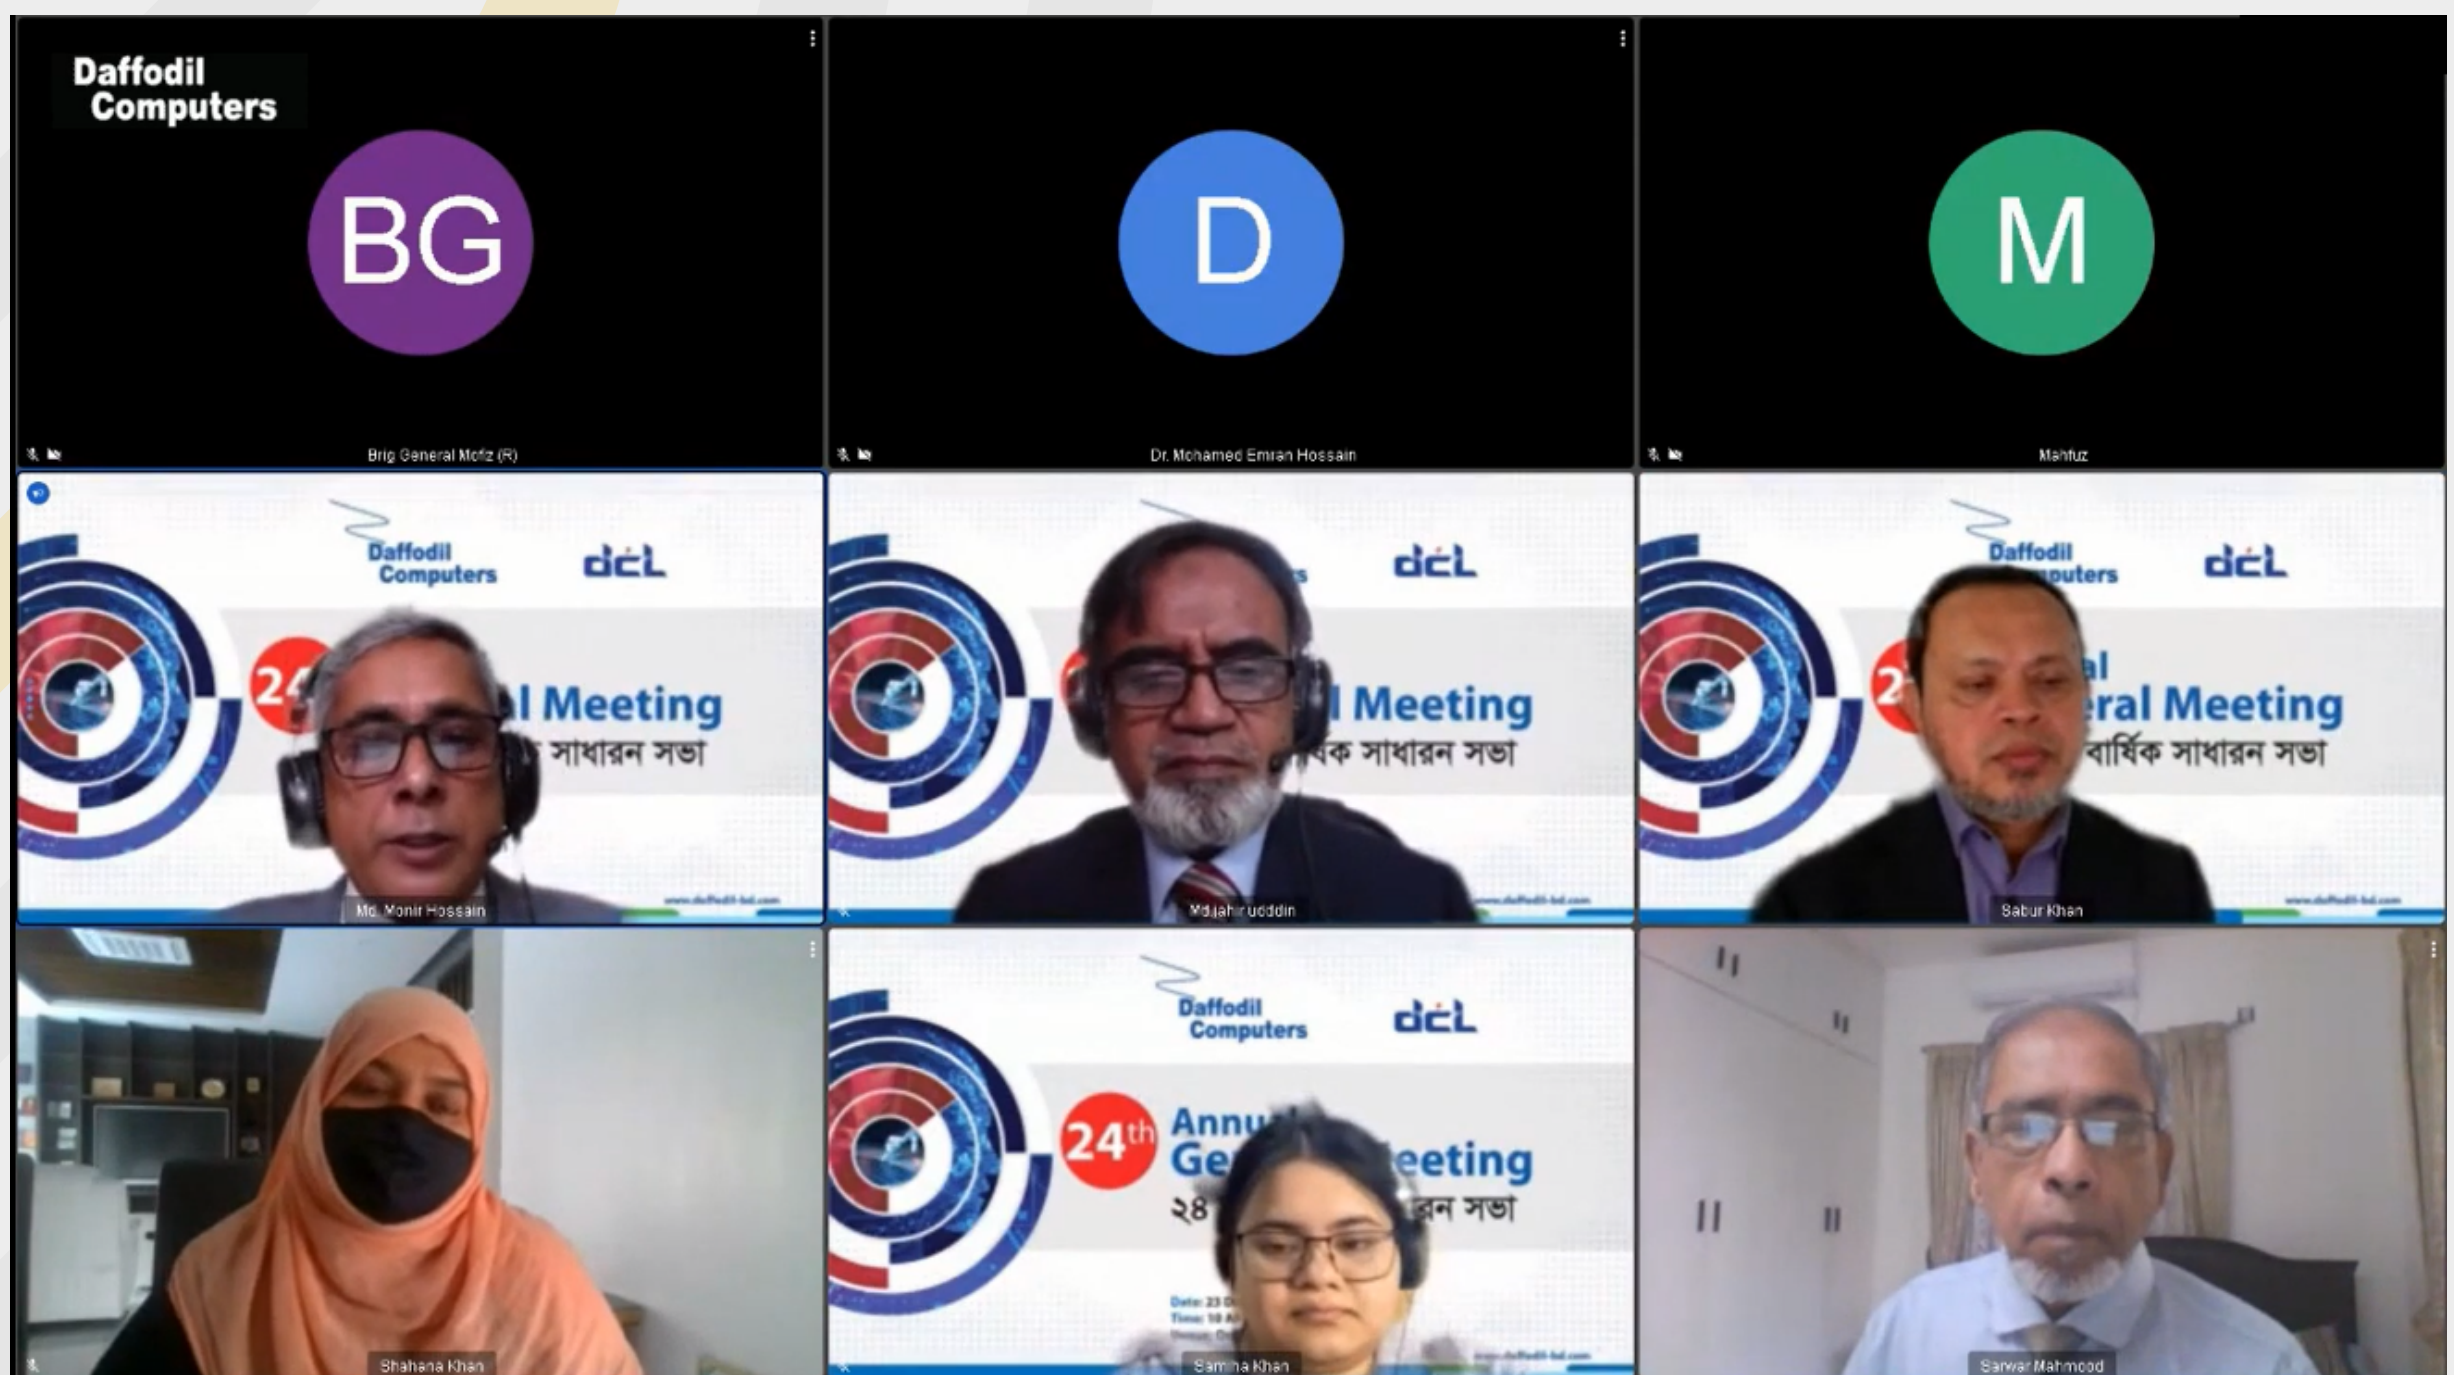

Spiral World provides Virtual AGM Solutions through "VirtualGate" which most effective and Smooth experience. Also, the platform is so light and mobile responsive. Anyone can join from anywhere around the world.

Visit for Details: <https://spiralworld.biz/>

➔ The Features of Platform

Spiral World is committed to implementing an end-to-end web-enabled Virtual AGM Management Platform to simplify the entire AGM Process from pre-to-post meetings to facilitate shareholder participation and further necessary services. Virtual AGM is to ensure all shareholders have equal access to discuss and raise any concerns they may have. The following tasks will be incorporated from pre-to-post AGM Management.

🔗 HD Quality Video for Board Meeting

We used an in-built meeting solution for hosting the AGM Board Meeting in the virtual AGM platform to get HD quality video conferencing.

Separate Login System

We prepared a separate login system for separate users who can join the AGM from any place. No one can join without BOID & Password.

Full Secure AGM Platform

This platform is fully secured. Because we used our dedicated cloud server. Also, we preserve each data safely and it's not shareable. This Platform control from a strong backend won software and is maintained by one dedicated person.
